| No data are available on the adverse effects of this material on the environment. Neither COD nor BOD data are available.<br>Based on the chemical composition of this product, it is assumed that the mixture can be treated in an acclimatized biological waste<br>treatment plant system in limited quantities. However, such treatment should be evaluated and approved for each specific<br>biological system. None of the ingredients in this mixture are classified as a Marine Pollutant.<br>Do not allow to enter drains, water courses or the soil. |                               |   |  |                      |  |  |  |
| SECTION 13 - DISPOSAL CONSIDERATIONS  |                               |   |  |                      |  |  |  |
| WASTE DISPOSAL METHOD: Dispose of in accordance with Local, State, and Federal Regulations. This product may produce<br>hazardous vapors or fumes in a closed disposal container creating a dangerous environment. Refer to "40 CFR Protection of<br>Environment Parts 260 - 299" for complete waste disposal regulations. Consult your local, state, or federal Environmental<br>Protection Agency (EPA) before disposing of any chemicals. Do NOT flush to sanitary sewer or waterway.  |                               |   |  |                      |  |  |  |
